

ANYTIME, ANYWHERE YOU NEED ACCESS

MONTHLY FOCUS

Portable ramps are an essential necessity to have on hand during the current crisis that our nation and entire world is facing right now. Having ramps in stock to accommodate your customers' immediate needs is crucial. They need to be able to enter and exit their homes safely in order to get to appointments, pick up medications, and travel to other essential locations.

Not only are portable ramps great to have around the home, but also, just like a roadside emergency kit, their vehicle should always have a small wheelchair ramp tucked away in order to overcome unexpected curbs and other elevated barriers they may encounter. A 2-foot folding ramp is the ideal choice and its compact size allows for easy, take-anywhere portability. The lightweight ramp makes a great traveling companion and easily fits in the trunk of a car or under the seat of a van.

Having ramps in your showroom empowers your customer by allowing them to visualize the solutions. We have three great style options, ranging from 2-10 feet in length, to accommodate any portable ramp need.

SUITCASE® PORTABLE FOLDING RAMPS

SINGLEFOLD RAMP

SINGLEFOLD AS RAMP

TRIFOLD® AS RAMP

Ask us about our demo program for portable folding ramps. Make sure you're stocked up and ready for whatever needs your customer may have.

We are your trusted partner in access and are here to help you provide the best solutions for your customers. Contact us today and get stocked up.
