

DISCOVER THE VALUE OF U.S. REHAB

U.S. Rehab is a membership network of complex rehab providers encompassing more than 1,300 locations that provide quality, custom-fit complex rehab equipment.

Our mission is to **foster lasting relationships** that help our members and vendor partners **build alliances for strong business**. We strive to assist our complex rehab partners with services that allow them to operate more efficiently and increase profitability.

U.S. Rehab members receive **exclusive access** to resources that **help your business succeed**.

EDUCATION & TRAINING

U.S. Rehab members have access to discounted pricing on comprehensive courses tailored for complex rehab providers through VGM Education.

TECH TRAINING

U.S. Rehab offers both live, hands-on seminars and online programs for repair technicians to receive proper training on CRT product specifics, repair strategies, troubleshooting, and programming.

Learn more about online Tech Training at vgm.com/usrehab/tech-training-seminars.

Learn more about online Tech Training at learn.usrehab.com/tech-training.

TECH CERTIFICATION

Repair technicians can become certified by the Assistive Mobility Repair Group (AMRG).

Learn more at www.amrepairgroup.com.

ATP EDUCATION

Designed by subject matter experts, these programs cover all areas of assistive technology, seating, and mobility to help prepare for the ATP certification exam.

ATP Academy

Flexible learning to complete online coursework at your own pace.

ATP Guidance Program

Mentorship-heavy pathway for less experienced, AMRG-certified rehab technicians to become certified as ATPs.

ATP Gateway Training

In-person opportunity for experienced repair technicians attending Live Tech Training.

Learn more at learn.usrehab.com/atp-education.

BILLING & REIMBURSEMENT

For assistance with billing, reimbursement, mobility documentation, and more, U.S. Rehab members can access:

- Exclusive guidance from expert Dan Fedor, Director of Reimbursement and Education
- Online education courses like the Reimbursement Master Program

U.S. Rehab also offers education for augmentative and alternative communication (AAC) and a telehealth education program.

Learn more at learn.usrehab.com.

FUNCTIONAL MOBILITY ASSESSMENT (FMA) OUTCOMES PROGRAM

The FMA Outcomes Program is a provider-centric mobility outcomes tool to:

- Show your worth to payers
- Defends the need and pricing for CRT
- Validates the importance of the ATP
- Produces evidence that when quality equipment is provided by a certified professional with ATP credentials, clients have better health outcomes, leading to decreased medical costs.

Learn more at

vgm.com/communities/us-rehab/services/fma.

GOVERNMENT RELATIONS

U.S. Rehab advocates for the CRT industry at all levels of government to help members and their consumers have a voice in the legislative process.

Learn more at vgmgov.com.

MEMBERS-ONLY PORTAL
